Group Golf Lessons

Program Overview

From true beginners to golfers playing on a regular basis, group lessons offer a pain free, no embarrassment way to learn the game of golf. Lessons will offer each student the time for individual instruction and time to practice. Each series includes four lessons covering basic set up and swing fundamentals in the areas of woods, irons, chipping and putting. The program culminates with a Graduation Scramble in which students will be able to gain on-course instruction and practice.

Student to Trainer Ratio

10 to 1 – max 20 students
